## 1. INTRODUCTIONS AND REVISION TO AGENDA

Self-introductions were made and no revisions were made to the Agenda.

## 2. PRESENTATIONS

- A. Bob reported that the C/CAG Budget was continued to the June 12<sup>th</sup> C/CAG meeting; therefore, it would not be available until June 13<sup>th</sup> for circulation. Bob will get the Sample Resolution for collection of fees out next week with the knowledge that the budgeted expenditures shown in the resolution and subject to the approval of the C/CAG budget. The County is scheduling June 24<sup>th</sup> as the date the Board of Supervisors will introduce the fees and July 15<sup>th</sup> will be the Public Hearing. All resolutions are must to be adopted by July 11<sup>th</sup> to make this deadline.
- B. Fred handed out a summary of the discussions at the CSQTF Workshop on "Stormwater Program Funding". There were discussions on Prop. 218, Development Fees, the importance of ACA 10 being passed, the potential of tax increases on those items found in storm drains to fund cleanup, etc.
- C. Bob reported on the progress of ACA 10 (Harman) and AB 1546 (Samitian). Both are proceeding and both need letters/resolutions of support from all the San Mateo cities. Sample letters were handed out.
- D. Fred reported on the proposed new NPDES Permit Requirements for discharges from small linear projects. Many questions remain unanswered, so this will be discussed further when the intent is clear.
- E. Vern introduced the new Model IPM Policy for discussion. A copy was distributed with the Agenda packet. After discussion, the last word in the GOAL paragraph was changed from "feasible" to "practicable". It was Moved and Seconded to adopt the Policy as revised, and it passed unanimously.
- F. Bob passed out the "Surface Cleaners Certificates" that were earned by the participants at the Illicit Discharge Workshop.
- G. Habte reported that the Draft Report of the Review of the STOPPP 2001/02 Annual Report was completed and is being circulated in the RWQCB staff. There appears to be "good progress" and "no Notices of Violations are anticipated". The RWQCB staff is discussing how to handle STOPPP's Permit renewal. The issues are renewal, extension, is a new SWMP required, etc. We will receive more in the near future. Habte stated that 25 School District have been notified of the Phase II requirements, although the implementation is being developed. Jolanta Uchman reported on the Tetra Tech inspection of businesses throughout the Bay Area. She noted that some businesses did not have Notices of Intention (NOI). These businesses are required these NOIs directly from the RWQCB and the Cities have no enforcement responsibilities other than informing the businesses that they are required to do so. She asked for copies of inspection reports and Bob suggested that this issue might better be discussed at the next CII meeting, where business inspections are under their jurisdiction.
